

21 November 2022

## *ACAM Implementation experience exchange visit*

The specific objective of this experience exchange visit was to support the transposition and implementation of the EU aviation acquis by strengthening the implementation capacities of the project beneficiary countries, Albania and Serbia. Specifically, the activity was focused on the ACAM (Aircraft Continuing Airworthiness Monitoring) programme mandated by Regulation (EU) 1321/2014.

The three-day activity took place in Madrid, Spain, in period 15-17 November 2022. Four participants from two IPA beneficiary countries attended the exchange.

*The "EASA-IPA5" project is funded by  
the European Union and implemented  
by EASA*
