## ***Aeronautical Charts Oversight Training***

The aim of the course was to improve participants' oversight capabilities and understanding on transposition and implementation of ICAO SARPS and EU Regulation related to aeronautical charts oversight.

Throughout the training, procedures, best practices, and practical examples used for oversight activities were presented. This included checklists for specific aeronautical charts included in Spanish AIP.

The three-day activity took place in Belgrade, Serbia, in period 02-04 November 2022.  
In total 17 participants from 5 beneficiary countries participated in the activity.
