

European Aviation Safety Agency

Claude Probst • Rulemaking Director

Cologne, 26th September 2006
EASA DHA/ime D(2006) 52469

Dear Sir, Dear Madam,

I am pleased to invite you to participate in a workshop dedicated to **"The Future of Design Organisation Approvals"** to be held at Dassault Aviation's Saint-Cloud facility, near Paris, France, on **Tuesday, 7th November 2006**.

The general objective of this workshop is to discuss the basic concepts and procedures governing the issuance of a Design Organisation Approval (Part 21 Subpart J) and how these rules could be further developed to align with future Industry needs. The workshop will build on previous work, including the Agency's dedicated questionnaire to industry on this subject, and will provide industry with a further opportunity to influence the direction being taken.

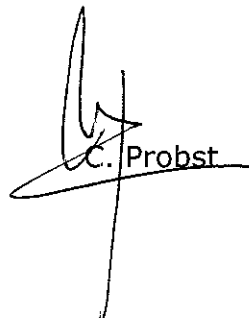

The workshop is free, although there will be a charge (€11/person) to cover lunch. You are kindly requested to indicate your interest by completing the "registration form" (use word document enclosed), and to submit it via e-mail, to **fdoa.workshop@easa.europa.eu** by **13th October 2006**. The workshop is only accessible to registered participants, who will receive confirmation of participation by 23rd October 2006. Acceptance will be limited to space available and based on ensuring a fair representation of all stakeholders. Travel and hotel information will be sent to successful applicants together with their confirmation of participation.

Participants may pre-submit questions on subjects related to the workshop via the "questions form" (use word document enclosed), to **fdoa.workshop@easa.europa.eu** by **27th October 2006**. Questions submitted will be answered during the discussion or open forum sessions of the workshop.

For additional information, please call David Haddon on +49 221 89990 5005 or by e-mail to **david.haddon@easa.europa.eu**.

I hope that you will find this important event of interest and we look forward to meeting you.

Yours faithfully,

C. Probst
