

EASA Certification Information

No.: 2024-21
Issued: 25 October 2024

Subject: Request of partial surrender of EASA Type Certificate No. EASA.E.091 affecting Safran Helicopter Engines Artouste IIID engines only.

Type Certificate No.: EASA.E.091

Affected model (s): Artouste IIID

Issue date: 14 May 1971

Issued by: EASA

Type Certificate Holder: Safran Helicopter Engines

Background: The current holder of Type Certificate (TC) EASA.E.091 has requested to surrender its TC for the Artouste IIID engine model.

The EASA certification date for the Artouste IIID engine model is 14 May 1971, EASA Type Certificate Data Sheet (TCDS) No. E.091 Issue 02 dated 1 August 2016 refers.

Safran Helicopter Engines has then informed EASA that Artouste IIID engines are no more produced and that, to their knowledge, there are no more Artouste IIID engines of this type being operated. Consequently, they wish to surrender the TC for this engine model.

EASA hereby asks you to communicate the aforementioned surrender to any natural or legal person to whom it could be of direct and individual concern as well as to other possible interested persons. When doing so, EASA also asks you to inform them about the possibility, no later than 24 November 2024, of commenting on the above.

The Agency will assess the surrender, taking into account the comments received, and may accept the surrender in accordance with the applicable administrative procedures.

Contact: Any request, query or comment shall be sent, by 24 November 2024 to:
