Subject: Ninth EASA Rotorcraft Symposium - Call for papers

Dear Sir or Madam,

The Ninth EASA Rotorcraft Symposium is scheduled to be held at the Hilton Hotel in Cologne, Germany, on 2 and 3 December 2015.

The EASA Rotorcraft Symposium is the European forum for the rotary wing community where Authorities, Industry, Operators and Pilots are invited to present and discuss the recent achievements in the field and share their future vision of a common strategy for rotorcraft airworthiness and operations, for the promotion of Aviation Safety.

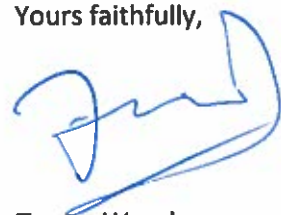

As in previous years, please send your valuable proposal to the Agency. Papers are welcomed in the areas of safety, certification, research, operations, regulation development, and in particular on human factors.

Proposals should consist of a title plus an abstract of approximately 300 words. These shall be submitted by 19 September 2015. Following an internal review of the proposals, the Agency will notify selected speakers who will need to provide their final version not later than 7 November 2015.

Detailed information on date, venue and programme of the Symposium will be made available on the EASA Website (Events): <http://easa.europa.eu/events/events.php>.

Please forward your abstract and any further questions to Jean-Marc SACAZES; email: jean-marc.sacazes@easa.europa.eu phone: +49 221 89990 4185.

Yours faithfully,

Trevor Woods
