**Subject: Workshop on the Operational Suitability Data**
- *Regulation (EU) No 748/2012*
- *Regulation (EU) No 69/2014*

Date:   21st October 2015 9 :30 – 17:00
Venue:  Pullman Hotel, Helenenstrasse 14, 50667, Köln, Germany

Cologne, 29th June 2015

Dear Sir or Madam,

we are pleased to announce a one day Operational Suitability Data (OSD) workshop dedicated  to TC and STC holders, to be held in Cologne.
The aim is to hold an interactive workshop attended by representatives of the fixed-wing, rotorcraft and general aviation industry. The workshop will give the opportunity to present the status of the OSD implementation and to exchange views with industry representatives.

The workshop will start on 21 October at 09:30 hrs with an introduction by the Certification Director, Mr. Trevor Woods, and will continue with interactive presentations on the OSD elements and their implementation. The various subjects will be presented jointly by EASA and industry representatives to share the experience gained since the introduction of the OSD in Part-21 and to build on this experience. EASA OSD Experts will be available to assist with questions.

To make the workshop a success we need you to let us know the topics of your interest in advance. If you have any particular topic that you would like to be addressed or questions to be answered, please contact us at OSDworkshop@easa.europa.eu by 18 September 2015  at the latest. The agenda details will be drafted taking into account your proposals and published at a later stage.

Information on the workshop and details on the location of the conference hotel in Cologne are already available on the Agency's website here.

On the same page, you may find a link where you can manage your booking and confirmation of attendance. Please note that the a participation fee to the workshop is required, in the amount of € 75 per participant, on a partial cost-recovery basis. Participation to the workshop is free of charge for invited speakers.

The registration of participants will be opened until 2 October 2015 . As the room capacity is limited, registration will be carried out on a first come – first served basis.

We are looking forward to meeting you at the workshop!

Best Regards,

The OSD Experts Team
