

**Aerospace and Defence**  
Industries Association of Europe

## **Design Organisation Approval (DOA) Working Group**

**Achievements - Status**

**'Visions and Reality'**

Presented by Dieter Stege

## **Group related Content**

1 **Our Activities**

2 **The established Communication Structure**

3 **Tasks Forces - Achievements**

4 **Conclusion**

## **DOA WG Activities** (Extract)

**Share Industry Practices  
and Visions**

**Develop Discussion  
Papers or Guidelines**

**Find Consolidated  
WG Position**

**Review EU Regulations and  
EASA Documents**

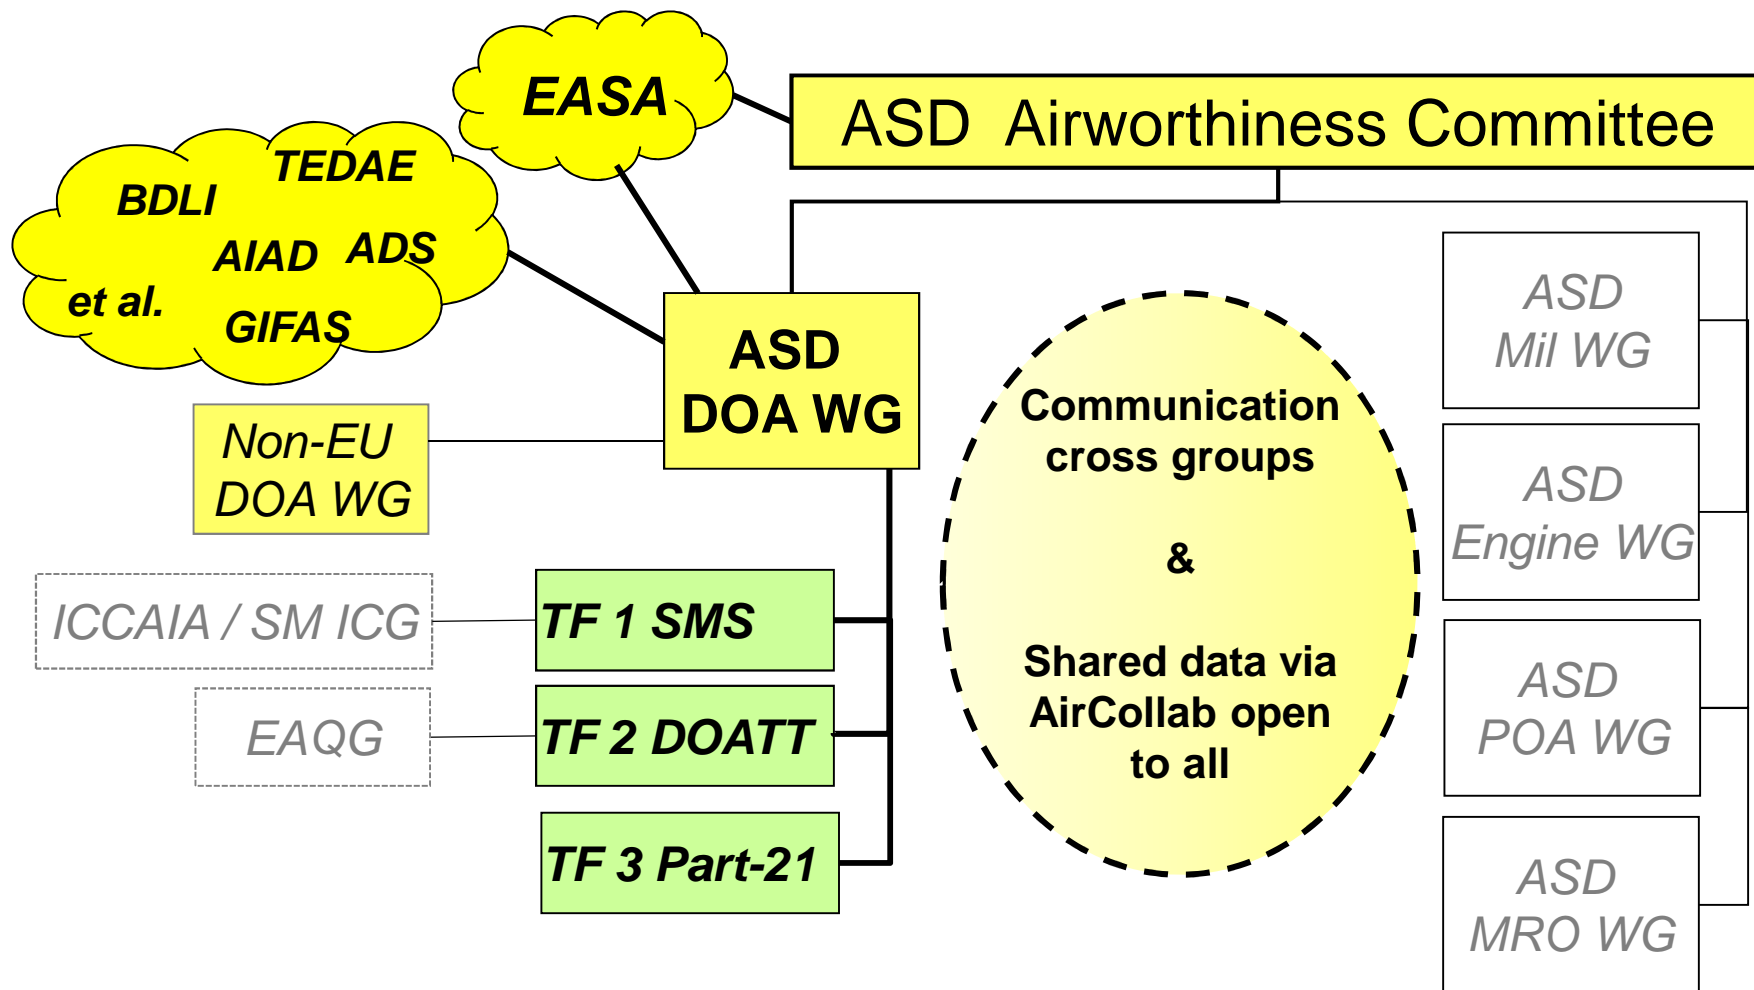

**Part-21 Rulemaking  
activities**

**Safety Management  
concept for DOAs**

**Maintain communication with EASA DO Department**

## Communication Structure DOA WG

## **Achievements – Tasks Forces**

**Trust and respect is a main stream in our culture**

**Communication platform for our work is well established**

**Task Forces are open also for non-ASD collaboration**

**Coordinated information exchanged with EASA for mutual awareness**

**Transparency and Simplification targets are accepted**

**Deliverables – see next Task Force presentations**

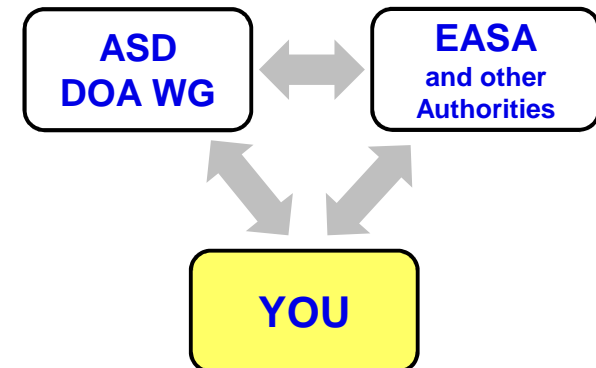

## Conclusion

### We need to continue to invest in ...

- ❑ People's competence within Industry and Agency;
- ❑ Priority to be more (pro-)active, wherever feasible;
- ❑ The collective willingness to share useful information.

**Enhanced communication = Achievement**

**Aerospace and Defence**  
Industries Association of Europe

# Thank you
