**Amendments to Annex V - Part-SPA
AMC/GM**

Subpart A - General requirements

- 1) AMC1 SPA.GEN.105(a) is amended as follows:

AMC1 SPA.GEN.105(a) Application for a specific approval

DOCUMENTATION

...

- (b) If an operations manual is not required, operating procedures may be described in a manual specifying procedures (procedures manual). If the aircraft flight manual (AFM) or the pilot operating handbook (POH) contains such procedures, they should be considered as acceptable means to document the procedures.

**Subpart D - Operations in airspace with reduced vertical separation minima
(RVSM)**

- 2) AMC1 SPA.RVSM.105 is amended as follows:

AMC1 SPA.RVSM.105 RVSM operational approval

CONTENT OF OPERATOR RVSM APPLICATION

...

- (d) Operations manuals and checklists

...

Subpart E - Low visibility operations (LVO)

- 3) AMC1 SPA.LVO.125 is amended as follows:

AMC1 SPA.LVO.125 Operating procedures

...

PROCEDURES AND INSTRUCTIONS

- (b) The operator should specify detailed operating procedures and instructions in the operations manual or procedures manual.
- (1) The precise nature and scope of procedures and instructions given should depend upon the airborne equipment used and the flight deck procedures

followed. The operator should clearly define flight crew member duties during take-off, approach, flare, hover, rollout and missed approach in the operations manual or procedures manual.
