Bombay**

**TAY Tiang
Guan**

Your safety is our mission.

An agency of the European Union 

Discussion points

- Proportionate regulations
- Regulations easy to understand & implement
- How to fulfil better the regulator role
- Towards performance based regulations

Three dimensions for better regulations

- **Less regulation:** regulatory material is only developed or reviewed when there is a shared and evidence-based benefit
- **Better regulation:** regulatory material is simple to understand, implement and oversee, while achieving its objectives
- **Timely regulation:** regulatory material can be developed in a timely manner while keeping an adequate level of transparency and stakeholders' involvement
