Prime purpose of the Workshop is to identify and indicate potential comments on Description of Operations (DoOs), Regulatory Impact Assessment (RIA), Explanatory Notes (EN) and Draft changes to implementing rules (IRx): R965 Air operations, R1178 Aircrew and R139 Aerodrome design and operations considering

It would be very much appreciated to submit comments in written form using appropriately tailored CRD (Comment Response Document) addressing to EASA mail-box: AWOProject@easa.europa.eu at the earliest opportunity but in no case later than 30th Nov. 2016

RMT.0379 All-Weather Operations - Workshop

- Working in domain specific working groups should provide appropriate working environment to contribute to setting-up meaningful content of supporting soft law (CSs and AMC/GM) which is in development
- Workshop is also supposed to be a forum giving opportunity to clarify certain conceptual issues
- It represents a main milestone
 - for performing an overview review of the work already done and
 - for identifying the appropriate way forward
