

European Union Aviation Safety Agency

Safety Assessment of Foreign Aircraft

List of SAFA Database & National coordinators

Preamble

The states participating the European RAMP inspections programme perform ramp inspections on aircraft landing in their territories. The ramp inspection reports are stored in a centralised SAFA database hosted by the European Aviation Safety Agency (EASA) in Cologne.

Authorities and operators can apply online for direct access to their data stored in that database. Such application will be assessed by the local aviation authorities which are responsible for the database user management of the users within their authority and of their operators. Hence, in case of any issues regarding the SAFA database access, users should contact their local SAFA Database coordinators.

This document, containing the contact details within aviation authorities for SAFA related matters, is split into the following two sections:

1. **The contact details for the RAMP Participating States**

These States are members of the SAFA programme and perform SAFA ramp inspections. If you have any questions related to the inspections performed by these states, or you have any issues regarding the access to the SAFA Database, you may use the contact details listed herein.

2. **The contact details for the Guest organisations**

Aviation Authorities in those states which are not participating in the SAFA programme may obtain access to the SAFA Database in order to have a direct access to the data on their operators. Once these authorities have access, operators in those states may also obtain access. Users of these authorities and operators can find the contact details of their SAFA Database coordinators in this section.

Before contacting your authorities, please consult the FAQ document available at the login page of the SAFA database; in that document you might already find the answers to your questions.

Contact Details for the SAFA Participating States	
Albania	<p>Mr Remir Gjologaj Head of Airworthiness Albanian Civil Aviation Authority Rr. "Sulejman Delvina" Nr. 1, kati i pare PO Box 205 Tirana, Albania Tel.: +355 4 225 12 20 Fax.: +355 4 222 39 69 remir.gjologaj@caa.gov.al</p>
