European Union Aviation Safety Agency

Communication

Is it possibile to set up a dedicated EASA website for STC (news, goodpractices, questions & answers...)?

Answer

No. The EASA Website has already a webpage dedicated to STC. Its contents will be updated as necessary.

Is there a list of attendees available for this conference? It would be very useful for networking if this was placed in the EASA welcome packs on the desks.

Answer

No, there is no publication intended.

Please provide better access to „non-published“ Certification Review Items (CRI).

Answer

The Certification Review Items contents are considered as temporary material waiting to flow into final containers , such as Certification Specifications. The rulemaking roadmap for instance is incorporating regularly new CRI contents into the CS 25 yearly updates.
