European Union Aviation Safety Agency

FAQ n.115305

FAQs:

Considerations “at the departure airport”, Passenger Health Safety - COVID-19, Passengers

Question:

How clean are the surfaces? Can I touch them?

Answer:

Where possible, travellers should avoid contact and unnecessary touching of surfaces in all situations, to minimise the spread of COVID-19. Airports and airlines have been made aware of the need for enhanced cleaning activities both in volume and frequency and for increased ventilation of facilities. EASA has also issued special instructions with respect to aircraft disinfection.
