

## **FAQ n.119242**

### **FAQs:**

[I build my own drones \(privately built\) 'specific' category](#), [Specific category](#), [Drones \(UAS\)](#), [Regulations](#)

### **Question:**

**Can my drone operate in the 'specific' category?**

### **Answer:**

Privately built drones of any weight can be operated in the 'specific' category, if included in the operational authorisation issued by the National Aviation Authority.
