European Union Aviation Safety Agency

FAQ n.119357

FAQs:

Airspace requirements – SPI (Surveillance performance and interoperability), Airspace Usage requirements, Regulations

Question:

What is the scope of the SPI IR with regards to airspace users?

Answer:

The SPI IR is applicable to all operators, operating as general air traffic (GAT) under instrument flight rules (IFR), that are conducting flights in the Single European Sky (SES) airspace.

It is also applicable to all other operators, operating as GAT in the SES airspace, whose aircraft are equipped with Mode S transponders.
