- 11/11/2020, 10:00 -12:00

Description

The objective of this workshop is to address the key points of the SMS in CAMO from a competent authority perspective and from a practical point of view.

The invitation is therefore mainly addressed to the competent authorities (P&CA TeB members and alternates) but observers from observer countries and the European Defence Agency are also welcome to attend. Given the particularities of the workshop, we offer a third seat per MS to an additional person identified as SMS expert. Participants were nominated by the P&CA TeB.
