European Union Aviation Safety Agency

FAQ n.121047

FAQs:

EASA 'Early Certificates' for UK organisations: common issues, Brexit

Question:

My management personnel under the UK Part-145 / Part-147 / Part-CAMO approval will remain the same after December 31, 2020. Can we consider this Management Personnel as being also approved by EASA when the Agency issues its approval?

Answer:

Yes. All the management personnel included in the exposition previously approved by the UK CAA, which was submitted to EASA as part of the early application process, are to be considered as approved by EASA for the same position within the organisation once EASA issues the approval.
