### Description

**Date & Time**

19/04/2021, 14:00-17:00

**Description**

The scope of this info session is to provide an overview of the new ageing aircraft structures requirements affecting the continuing airworthiness domain and in particular the aircraft maintenance programme together with the relevant means of compliance published by EASA. In this context, the Agency will also describe some typical cases, relevant best practices and possible difficulties that might be encountered by operators when preparing aircraft maintenance programmes embodying elements related to ageing aircraft structures. The overall objective is to help ensure effective and standardized implementation of these new requirements.
