European Union Aviation Safety Agency

Implementation Workshop on the Global Reporting Format for Runway Surface Conditions

Virtual Event via Webex

Organised by: EASA

Event Type: Workshop

Date:
10 Mar 2021

Event Materials

Documents

Implementation of the Global Reporting Format (GRF) in the EU - setting the scene

ICAO Global Reporting System and Format Creation

Reporting of Runway Conditions Relevant to Aeroplane Performance

EASA Regulations on GRF implementation (ADR – ATM/ANS – SERA – MET)

EASA Regulations on GRF implementation (OPS and IAW)

SNOWTAM Format Change in EAD

Q&A - Runway Condition Reporting Webinar

Runway Condition Reporting - Event Recording

Description

Date & time

10/03/2021, 10:00 - 13:00 (UTC+1)

Description

The new ICAO methodology for assessing and reporting runway surface conditions, commonly

known as the Global Reporting Format (GRF), enables the harmonized assessment and reporting of runway surface conditions and a correspondingly improved flight crew assessment of take-off and landing performance.

The GRF is described through amendment 13-B to Annex 14 - Aerodromes, Volume I - Aerodrome Design and Operations; Annex 3 - Meteorological Service for International Air Navigation; Annex 6 - Operation of Aircraft, Part I - International Commercial Air Transport - Aeroplanes and Part II - International General Aviation - Aeroplanes; Annex 8 - Airworthiness of Aircraft; Annex 15 - Aeronautical Information Services and Procedures for Air Navigation Services (PANS) - Aerodromes (PANS-Aerodromes, Doc 9981), Aeronautical Information Management (PANS-AIM, Doc 10066) and Air Traffic Management (PANS-ATM, Doc 4444).

EU has already adopted Regulations (EU) 2019/1387, (EU) 2020/469 and (EU) 2020/2148 which establish the requirements for the implementation of the GRF in EU.

The GRF related requirements will apply in EU as of August 12, 2021.

The objective of the workshop is to raise awareness and support the deployment of the GRF in EU and to familiarize National Aviation Authorities and Industry (Aerodrome Operators, Air Operators, Aeroplane Manufacturers, Air Traffic Services Providers, Aeronautical Information Service Providers and General Aviation) with the EU regulatory requirements.

EASA will organize a workshop on March 10, 2021 dedicated to the industry and a second one on March 17, 2021 dedicated to the National Aviation Authorities.
