European Union Aviation Safety Agency

FAQ n.128373

FAQs:

What I need to care about: “At all times”, Passenger Health Safety - COVID-19, Passengers

Question:

What are ‘very high-risk countries or areas with community circulation of Variants of Concern (VOCs)’ and where can I get information?

Answer:

The European Commission has launched a website called ‘Re-open EU’, with up-to-date information on the travel and health situation for European countries.

You can also consult the ‘SARS-CoV-2 variants dashboard’ updated and maintained by the European Centre for Disease Prevention and Control (ECDC) for more information.

Otherwise contact the relevant authorities in the country of departure and arrival.
