European Union Aviation Safety Agency

FAQ n.136290

FAQs:

Design certificates and design organisation approvals — Restrictive measures Russia, EU restrictive measures against Russia

Question:

Can a holder of a design organisation approval (DOA) apply to EASA for a supplemental type certificate (STC) or other design approval (e.g. minor change) for a product, part or non-installed equipment that is to be installed on an aircraft operated by a Russian operator?

Answer:

No. Design approvals for an aircraft operated by a Russian operator fall within the scope of the Sanctions Regulations. Therefore, EASA will not accept such applications.
