Date:
27 Jun 2022 to **29 Jun 2022**

Event Materials

Stronger, Safer, Together Campaign

Recordings

Youtube Playlist with 8 of the 9 sessions

Documents

Event Presentations from Safety Week

Description

With the summer approaching, EASA has launched the Stronger, Safer, Together Campaign to encourage the Commercial Air Transport community to share and discuss its common safety challenges. All organisations are encouraged to download the domain packages for their area of operational activity and use the material in their own preparations for the summer.

The culmination of the Campaign is the EASA Safety Week to discuss solutions to the operational challenges at industry and domain level.

For registration, Webex places are limited to 1,000 participants. Until 15 June registrations will be prioritised for organisations from the EASA Member States. There will be a Youtube option available so no one will miss out.

Agenda

EASA safety week agenda

Registration

Session 1 - Kick Off, Resilience and SMS - ***Monday 27th June, 10:00-11:30 CET (UTC +2)***
