Future Connectivity for Aviation - White paper

Presentation on the Future Aviation Connectivity

Description

Following the publication of the Future Connectivity for Aviation White Paper publication (see also the press release), EASA together with the other Task Force members are pleased to welcome you to a webinar on Future Aviation Connectivity.

The key highlights of the White Paper will be discussed, and questions and feedback from the interested stakeholders will be gathered.
We look forward to welcoming you online on January 19th 2023 or on February 1st 2023.
Please register for only one of the two sessions.

The presentation from the Task Force members will last approximately 50 minutes with an additional 40 minutes for Q&A

Agenda

- Context & Stakes
- Task Force description
- Connectivity Needs: a common vision
- Recommendations
