

## FAQ n.137732

### FAQs:

[Stand-Alone Revision of Flight Manual \(FM\)](#), [Applications for product certification/validation of foreign certificates](#), [Certification of products and organisations](#)

### Question:

**How do I apply for a Stand-Alone Revision of Flight Manual (FM)?**

### Answer:

Applications should be submitted via the [EASA Portal](#) by selecting the correlating category of design change. The ensuing EASA approval will be issued as a Minor or Major Change approval. In cases of changes to an FM Supplement in relation to an EASA approved STC, we may also issue a revised or new STC. Please refer to the graphic below to determine the best way to apply.
