

Information session: RMT.196 - Update of flight simulation training device requirements

Online event

Organised by: EASA

Date:

30 May 2023

30/05/2023

Times: Upon invitation CET (UTC +1)

Description

The objective of the information session is to raise awareness to the public about the concept for FSTD to better facilitate training needs by establishing the necessary simulation fidelity levels to support training tasks specifically related to type rating training.

In addition, the information session will facilitate and prepare the focused consultation on the proposed amendments in the hard law to Regulation (EU) 1178/2011 and Regulation (EU) 965/2012 as a result of RMT.196, NPA 2020-15 and comments to the NPA.

Registration

On invitation only.
