EASA Hydrogen Workshop EASA — Agenda

EASA Hydrogen Workshop EASA — Overview

EASA Hydrogen Workshop EASA — Challenges

Description

EASA will host two workshops to discuss the challenges associated to the use of hydrogen as an aviation fuel.

- 9:00-12:00 - restricted to representatives of Civil Aviation Authorities

- 13:30-17:30 - open to the industry

The meeting will be held in hybrid format at the EASA Headquarters in Cologne, Germany.
The agenda of the meeting and the video conference(WebEx) details will be distributed before the workshops.
