FAQ n.139284

FAQs:

Applicability, Information Security (Part-IS)

Question:

Part-IS is applicable to the competent authority responsible for the oversight of Part-66 license holders. I am a Part-66 licenced maintainer, do I also have to comply with Part-IS?

Answer:

No. The rationale for requiring Part-66 competent authorities to comply with Part-IS is that there is a risk that, for example, information relating to approved Part-66 licences held by competent authorities could be compromised. This would have a potential impact on the availability and/or integrity of the information held, a risk that needs to be considered.
