Description

This year's Airspace World is hosting the “Europe for Aviation” stand and theatre (#H22) with a range of exhibits and demos illustrating collaboration in action between the nine European aviation partner organisations (DG MOVE, EASA, EDA, EUROCAE, EUSPA, INEA, SDM and SJU). The “Europe for Aviation” partners will also each be featured in the various theatres organised by CANSO.

Check out the Europe for Aviation Programme for details about panel sessions and briefings, including by EASA experts, on ATM transformation, cross-border operation optimisation, civil-military cooperation, CNS developments, crisis management, digitalisation, innovation, preparing for summer 2024 traffic, and safety.

Look out for:

- A series of demonstrations & exhibits by the “Europe for Aviation” partners, who will each have their own dedicated exhibits, featuring:
  - live traffic updates,

    - demos,
    - EU funding opportunities, and
    - many initiatives promoting European collaboration.
- Networking opportunities with experts from the different partners.
- SESAR Walking Tours to stands of SESAR members and partners to see first-hand innovation in action and get a view on what is being deployed in daily operations.
