[Meeting on NPA 2023-10 \(Part-147\) with the P&CA TeB presentation](#)

Description

EASA will present the main novelties and principles proposed for the competent authorities through [NPA 2023-10 'Review of Part-147'](#). This meeting should help in the review of NPA 2023-10 by the stakeholders during the public consultation phase, which is planned until 4 March 2024. The meeting has been organised for the EASA Advisory Bodies (ABs), namely the Production and Continuing Airworthiness Technical Body (P&CA TeB), representing the national aviation authorities (NAAs) of this domain.

Learn more about the [EASA ABs](#).

Registration

On invitation only.
