EASA Business Jets Workshop 2025 presentations — Day 1

EASA Business Jets Workshop 2025 presentations — Day 2

Description

The workshop is an opportunity of exchange between the Aviation Authorities and Stakeholders in the “Biz-Jets” design and certification sector, in order to best address the

ongoing and future challenges in the coming years. The Workshop will develop around certification aspects but with an eye on the global perspective and will have particular focus on Regulators developments and current and future challenges and activities (e.g.: new technologies, sustainable aviation) to support the sector in the coming years.

The workshop is mainly targeted to:

- manufacturers and type certificate holders of business jets;
- National Authorities involved in the certification and operations of business jets; and
- main associations involved in the business jets' World.

Have a look at the agenda for more details and stay tuned for the upcoming updates on the agenda and the event that will happen in the coming weeks.
