European Union Aviation Safety Agency

FAQ n.142107

FAQs:

English Language Proficiency, Aerodromes (ADR), Regulations

Question:

How can the aerodrome perform an assessment of language proficiency?

Answer:

AMC2 ADR.OPS.B.029(e) contains the assessment method. The assessment should comprise the following three elements:

1. listening: assessment of comprehension;
2. speaking: assessment of pronunciation, fluency, structure, and vocabulary; and
3. interaction.

To assess proficiency in listening and speaking, the aerodrome operator should ensure that the method assesses the ability to switch between aviation phraseology and plain language.
