

European Union Aviation Safety Agency

FAQ n.142998

FAQs:

[Higher Airspace Operations \(HAO\)](#)

Question:

Will environmental impacts of HAO be considered?

Answer:

Yes. Environmental impacts are being considered as part of the Higher Airspace Operations activities, including potential effects related to noise, emissions, non-CO₂ effects, and other environmental aspects. This work is intended to support evidence-based decision-making and to inform any future regulatory developments, as appropriate
