European Union Aviation Safety Agency

FAQ n.143010

FAQs:

Higher Airspace Operations (HAO)

Question:

How does EASA ensure international coordination for HAO?

Answer:

EASA coordinates with:

- ICAO for global alignment,
- EDA for dual use technology and to take due account of military/state interests,
- EUROCONTROL and ANSPs for airspace and ATM integration,
- International research, industry and civil-military stakeholders to promote harmonisation and safety.
