

European Union Aviation Safety Agency

## FAQ n.143010

### FAQs:

[Higher Airspace Operations \(HAO\)](#)

### Question:

**How does EASA ensure international coordination for HAO?**

### Answer:

EASA coordinates with:

- ICAO for global alignment,
- EDA for dual use technology and to take due account of military/state interests,
- EUROCONTROL and ANSPs for airspace and ATM integration,
- International research, industry and civil-military stakeholders to promote harmonisation and safety.
