4th EASA Webinar on EU Ground Handling Regulations Implementation

4th EASA Ground Handling Implementation Webinar — Q&A

Description

Get ready on time!

The EU Ground Handling safety Regulations are effective since March 2025 and will become applicable as of 27 March 2028.
Between 2025 and 2028, EASA organises a series of webinars aimed at helping the European industry to prepare for the implementation of the new safety rules on ground handling.

What will be discussed:

Enabling the voluntary use of industry standards through the EU Ground Handling Regulations

1. Regulator perspective: A formal process led by EASA, involving the Member States, to evaluate the industry standards against Regulation (EU) 2025/20
2. Competent Authority perspective on the use of industry standards
3. Ground Handling Organisations' perspective on the use of industry standards

---

When:

10 March 2026, hrs 12:00 – 14:00 CET

Target audience:

- Safety, compliance, and operational managers and auditors of ground handling organisations operating at EASA Aerodromes, aircraft operators and aerodrome operators in the scope of Regulation (EU) 2018/1139
- Inspectors of Competent Authorities of EASA Member States.

Speakers:

Moderator: Julia Egerer, Aerodrome and Ground Handling Section Manager, EASA

Panelists:

- EASA and GH Inspectors from the Competent Authorities of several EASA Member States
- Ground Handling Organisations

Time left before the regulations' applicability date (at 10 March 2026):

- 107 weeks before 27 March 2028 (full applicability)
- 1 year and 2 weeks before 27 March 2027 (start submitting the first declarations)

Next EASA Ground Handling implementation webinars in 2026 are planned in May, September and December.
