Location

EASA Headquarters

Konrad-Adenauer-Ufer 3

50668 Köln

Germany

[Directions to the Agency](#)

Description

Flight testing is certainly a complex certification compliance activity, requiring a considerable amount of resources, exposure to risk and close coordination between different internal and external stakeholders.

Based on the positive feedback gathered from the first event held in 2024, and following the many requests received, EASA is pleased to host the second edition of the Helicopter Flight Test Workshop.

The workshop has the objective to share the experience and the lessons learnt gathered in the past years to provide guidance on effective management and execution of flight test activities

for certification compliance demonstration. The event would also like to ensure standardisation on some of the hot common topics in the flight test discipline for helicopter certification.

The event is open to:

Flight Test Pilots,
Lead Flight Test Engineers, Flight Test Engineers,
Head of Flight Test Organisations,
CVE Flight,
DOA personnel involved in helicopter certification flight test activities.

Agenda

Agenda will be available soon. Stay tuned and follow this page for updates!

Registration

Workshop fee is € 120.00 for the full event. No partial fee is foreseen.

Application for registration can be submitted using the link provided below. Your application will be reviewed and you will receive an email with instructions for the payment as soon as possible. Final confirmation of the registration will be sent upon receipt of the payment.

Given the limited space available, in order to ensure the widest possible participation to the event by all the stakeholders, for the time being, we kindly ask you to limit the registration to maximum 2 representatives per each organisation. Later, in case additional seats are available, it will be our pleasure to welcome additional attendees

Please select the number of tickets you would like to obtain, click “next” and follow the steps in the online form.

In case the form is not displayed correctly, please try again using another browser (e.g. Google Chrome, Mozilla Firefox, Microsoft Edge, Opera, Safari).
