Description

The **ICAO/EASA Third Global Regional Safety Oversight Organisations' (RSOOs) and Regional Accident and Incident Investigation Organisations' (RAIOs) Forum for Aviation Safety** will gather together representatives of RSOOs / RAIOs, Member States, international organisations, industry and ICAO and will allow the participants to have substantive conversations on regional cooperation in aviation safety and accident and incident investigations, and how it contributes to improving Member States' safety oversight/investigative capabilities, ultimately enhancing global aviation safety.

The Forum is jointly organised by International Civil Aviation Organisation (ICAO) and European Union Aviation Safety Agency (EASA) and kindly hosted by the Guyana Civil Aviation Authority.

Interested participants are kindly invited to save the date and register to attend this important global forum.
