

European Union Aviation Safety Agency

## FAQ n.143519

### FAQs:

[Certification Authorities for Transport Airplanes \(CATA\), International cooperation](#)

### Question:

**What are the benefits of using a CATA Worklist Item (CWI)?**

### Answer:

If an applicant follows the compliance methodology documented in a closed CWI, and their certifying authority endorses that methodology for a certification project, the other three CMT authorities will accept that compliance methodology for validation.
