European Union Aviation Safety Agency

FAQ n.143548

FAQs:

Certification Authorities for Transport Airplanes (CATA), International cooperation

Question:

How should an applicant inform the certifying authority and validating authorities that the applicant has used one or more CWIs?

Answer:

The applicant can indicate where CWIs have been used by referencing the CWIs in their certification plan and in other relevant certification documentation (e.g. validation work plans, compliance substantiation reports, etc.).
