### **Event**

**Type:** Workshop

### **Date:**

**29 Jun 2026 to 02 Jul 2026**

---

### **Location**

**Kathmandu, Nepal**

---

### **Description**

This workshop will bring together aviation authorities and industry representatives from across the region to exchange experience on recent developments in continuing airworthiness

regulation and oversight.

As regulatory frameworks continue to evolve, maintaining a common understanding of new requirements and their practical implementation remains essential to support consistency, efficiency and aviation safety. The workshop will provide a platform for technical discussion on implementation challenges, oversight considerations and practical solutions relevant to the South Asian context.

## **Main Topics**

The programme will include updates and implementation discussions related to:

- Part-21
- Part-M
- Part-CAMO
- Part-ML
- Part-CAO
- Part-145
- Part-66
- Part-147

## **Objectives**

The workshop aims to:

- Provide an overview of recent regulatory developments in continuing airworthiness
- Support a common understanding of their operational and oversight implications
- Facilitate technical exchange between competent authorities and industry
- Promote more harmonised implementation approaches across the region

## **Target Audience**

The workshop is intended for personnel involved in continuing airworthiness oversight, implementation and compliance activities within:

- Civil aviation authorities
- Continuing Airworthiness Management Organisations (CAMOs)
- Maintenance organisations
- Approved training organisations
- Other relevant aviation stakeholders

Participants are expected to have prior experience in continuing airworthiness and to actively contribute to technical discussions and exchange of experience.

**Please note that participation in the workshop is by invitation only.**
