Description

On 7 July 2025 at 11h00 - 13h00 (CET) / 09h00 - 11h00 UTC, EASA in close collaboration with the African Civil Aviation Commission (AFCAC) organised a joint webinar on the Acceleration of the Development, Production & Deployment of SAF/LCAF in Africa. The webinar was held in the framework of an EU-funded project that aims to strengthen the collaboration with AFCAC related to the SAATM implementation.

The webinar was the 5th in a series developed specifically for the African stakeholders. The topic of this webinar was dedicated to “Building Africa’s SAF Ecosystem: From Feedstocks to Certification”.

The materials of the previous webinars in the series can be consulted as follows:

- [22 March 2024](#)
- [18 June 2024](#)
- [10 September 2024](#)
- [13 March 2025](#)

The preparatory material of 7 July webinar can be downloaded [here](#). Other webinar materials are available for download below.

Registration

On invitation only.
