European Union Aviation Safety Agency

Aerodrome Equipment Workshop

On-site event

Organised by: EASA

Event Type: Workshop

Date:

16 Oct 2026

16/10/2026, 10:00 - 18:00 CET (UTC +1)

Location

EASA Headquarters

Konrad-Adenauer-Ufer 3
50668 Köln
Germany

Directions to the Agency

Description

EASA is organising a workshop on the new regulatory framework for the certification of safety-related aerodrome equipment.
During the workshop, EASA will present the draft Opinion and the draft Implementing Regulation.
The workshop will also provide an opportunity for national competent authorities, manufacturers and aerodrome operators to discuss the proposed certification concept, share views and discuss the next steps.

Registration

On invitation only.
