Cologne's Botanical Garden "Flora Köln"
Am Botanischen Garten 1a, 50735 Köln, Germany

EASA Headquarters

Konrad-Adenauer-Ufer 3
50668 Köln
Germany

Directions to the Agency

Description

Join us in Cologne at the 2027 Certification Workshop, followed by the Certification Conference.
This two-days event will bring together industry staff, authorities representatives and EASA experts and managers to discuss updates in the EASA product certification activities.

The first day ("Certification Workshop") will take place inside the EASA headquarters: this day dedicated to certification projects topics will feature a plenary session, as well as side meetings. Individual face-to-face talks with EASA experts will be possible during a dedicated

“Coffee with Experts” session.

The second day (“Certification Conference”) will take place in Cologne’s Botanical Garden (“FLORA KÖLN”):
will be dedicated to major policies developments. This event will be a productive event, offering unique possibilities for direct exchange with EASA staff.

Please note that there will be no remote participation possibility this year.
Presentations will be made available after the event under “Event Materials” on the EASA Website event page and on the EASA Youtube channel.

Registration

More details on the registration will follow.
