Description

The second European Aviation Safety Agency (EASA) Airworthiness Directives (AD) Workshop is planned to be held on 02 and 03 December 2014 in Cologne.

This workshop is again addressed to all interested stakeholders such as operators, CAMO, maintenance organisations, design approval holders, who want to have a better understanding of EASA processes related to the publication and/or adoption of Mandatory Continuing Airworthiness Information (MCAI), i.e. Airworthiness Directives and non-MCAI, i.e. Safety Information Bulletins (SIB).

For reaching this objective, during the two-day Workshop, some general presentations will be

provided by EASA AD experts.
