Description

EASA will host its second Aerodrome conference on the 26th to the 27th of November 2014.

Following EC adoption of EU regulation 139/2014, the Airport community across Europe will face some fundamental changes.

Recognising the effect of this regulation, EASA is hosting this conference which will focus on the implementation of Regulation No 139/2014, while touching on future associated tasks.

Present at the conference will be representatives from CAAs, aerodromes, manufacturers and airport associations from across Europe.

The Conference will also include workshops that will address specific areas of interest for a more in-depth exchange.
