Event

Type: Workshop

Date:

03 Dec 2014

Location

Jugendherberge Köln-Deutz

Siegesstraße 5,

50679 Cologne, Germany

[Website](#)

Description

Since 26 May EASA has the mandate to authorise third-country operators (TCO) for flights to Europe. This technical authorisation issued by EASA will be a pre-requisite for TCO applying for commercial traffic rights with EASA Member States. For this reason EASA is organizing a second workshop session on TCO Authorisation for EASA Member States on 03 December 2014. The main purpose of the venue is to inform EASA Member States focal points on the status of TCO applications after the registration period came to its end, to strengthen communication and to discuss practical issues and problems on working practices especially during the transition phase starting at that time.

The participation in this Forum is limited to all focal points nominated by each EASA Member States.
