

6th European Aviation Safety Plan (EASp) Implementation and Review Summit

Date:**17 Jun 2015**

Event Materials**Documents**

[6th EASP summit - Presentations](#)

Description

After four successful editions of the [European Aviation Safety Plan](#) - our roadmap for safety improvement in Europe - we remain committed to ensuring a high-quality aviation Safety Management System in the region.

As the success of this mission very much depends on building a solid foundation on the State level, we look forward to exchanging our views together with the States Representatives, taking a look at safety issues and reviewing the performance of the aviation system as a whole, creating thus synergies between the EU and national dimension of Safety Management, on 17th June 2015 in Cologne.

Please kindly note that the event is targeted at Member States.

Registration

You should have received an invitation letter to take part in the event. If this is the case and you would like to register, please send an e-mail to Rodrigo Priego (easp[at]easa.europa.eu (easp[at]easa[dot]europa[dot]eu)) by 22nd May 2015. Please kindly note that your registration will be validated through a confirmation e-mail.

Contact

For any questions regarding this event, please contact Rodrigo Priego by e-mail at: easp[at]easa.europa.eu (easp[at]easa[dot]europa[dot]eu)

Please refer to the following documents

The four published editions of the EASp as well as the Communication and the

European Aviation Safety Programme (EASP) published by the Commission are available at the [EASp Website](#). This website also contains a link to the five EASp summits organised between 2012 – 2014.

Accommodation and Travel arrangements

Participants need to take care of their accommodation and travel arrangements individually.

For information on accommodation in Cologne, please visit the booking platform [ehotel](#).
