European Union Aviation Safety Agency

FAQ n.19125

FAQs:

Air Operations - General, Air Operations, Regulations

Question:

How can I find out where a rule from EU-OPS / JAR-OPS 3 has been transposed in the new Regulation (EU) 965/2012 on Air Operations and its amendments, as well as its associated EASA Decisions, and if any changes have been introduced?

Answer:

Reference: Regulation (EU) No 965/2012 on Air Operations, associated Decisions (AMC/GM)

The Agency has published a cross-reference table to assist industry in transitioning to the new rules. This table contains detailed information on the transposition of EU-OPS / JAR-OPS 3 provisions (both Section 1 and Section 2 - for aeroplanes, TGL 44) into the new Implementing Rules (IR), Acceptable Means of Compliance (AMC) and Guidance Material (GM):

- new rule reference and rule title;
- old rule reference and rule title;
- indication of any differences to EU-OPS / JAR-OPS 3 provisions by stating “No change”, “Amended”, “New” or “Not transposed”; and
- short description of the differences, if any, between the old and new rules.

With this cross-reference table one can analyse in detail where and how the old provisions have been transposed into the new regulatory framework.
