International Workshop on Voluntary Reporting System - Presentations

Description

Description

This workshop aims to be the place to exchange experiences, best practices and opinions on how to define and operate an efficient and robust voluntary reporting system. Organised in association with the International Confidential Aviation Safety Systems Group (ICASS), it will be a unique opportunity to learn from the expertise of the ICASS members, some with more than 20 years of experience operating such systems.

The event is primary dedicated to Aviation Industry and Stakeholders, Professional Association and National Bodies in charge of voluntary reporting.

Main Topics

Although the Workshop will be flexible to cope with the areas of common interest of the participants, it will be initially structured to cover the following topics:

- Main benefits of Voluntary Reporting Systems;
- Main challenges:
  - Confidentiality and protection of individuals and information;
  - Processing and analysis of the data;
  - Interfaces with authorities and other bodies.

International Confidential Aviation Safety Systems Group (ICASS)

The International Confidential Aviation Safety Systems (ICASS) Group promotes confidential reporting systems as an effective method of enhancing flight safety in commercial air transport and general aviation operations. The principal objectives of the ICASS Group are:

- To provide advice and assistance in the start-up and operation of a confidential reporting system
- To facilitate the exchange of safety related information between independent confidential aviation reporting systems.
- To identify solutions to common problems in the operation of such systems

Registration is closed

Accommodation and Travel arrangements

Participants need to take care of their accommodation and travel arrangements individually.
For information on accommodation in Cologne, please visit the booking platform ehotel. Lunch will not be provided, though there is a wide variety of fast and reasonably good options around the venue.
