**Description**

This workshop is addressed to all interested stakeholders such as operators, CAMO, maintenance organisations, design approval holders, who want to have a better understanding of EASA processes related to the publication and/or adoption of Mandatory Continuing Airworthiness Information (MCAI), i.e. Airworthiness Directives and non-MCAI, i.e. Safety Information Bulletins (SIB). For reaching this objective, during the two-day Workshop, some general presentations were provided by EASA AD experts. If you have any questions related to the Workshop, please feel free to contact us at [airworthiness.directives \[at\] easa.europa.eu](mailto:airworthiness.directives[at]easa.europa.eu).
